ANNUAL PILGRIMAGE

Library of Congress

Pleasing Exercises Yesterday by North Carolina Society Colonial Dames of America.

TABLET TO BE UNVEILED

Marking Ruins of Governor Tryon's Palace and Reciting Historic Incidents There—Delightful Double Trip on Steamer.

With favorable weather today, indications are that a very large number of Wilmington people and not a few from a distance who are here for the annual meeting, will accompany the North Carolina Society of Colonial Dames for their annual pilgrimage to the ruins of Old St. Philip's Church and exercises attending the unveiling of a tablet on the scene of the ruins of Governor Tryon's palace, near Old Brunswick.

The Dames and those who may deside to spend the entire day upon the scene of the historic occurrences of the earlier days will leave on the steamer Wilmington at 9 o'clock and the Society will hold its annual meeting as the guest of its president, Mrs. James Sprunt, at her beautiful country home, Orton. The exercises at the ruins of the church and those attending the unveiling of the tablet will not take place until afternoon upon the arrival of a second trip of the steamer Wilmington, leaving the city at 2:30 P. M. All friends are cordially invited to take this trip and the fare will be only 50 cents. Upon the arrival of the steamer during the afternoon a short order of exercises will be observed within the walls of the church and the programme will be as follows:

Processional Hymn, No. 196.

"The eternal God is thy refuge and underneath are the everlasting arms." Deut. XXXIII-27.

"Oh that men would therefore praise the Lord for His goodness and declare the wonders that He doeth for the children of men." Psalm CVII-15.

The Lord's Prayer.
Psalm XIX.
The Apostles' Creed.
Prayer.
Benediction.
Historical Address by Rev. Dr. A. D. McClure.

It is requested that all who can possibly do so, carry prayer book and hymnal so that all may take part in the services. Immediately after the exercises at the church the company will repair to the ruins of the Governor's Palace where will be unveiled a tablet commemorative of the deeds of distinguished ancestors. The tablet is to be unveiled by one of the oldest and most honored members of the society, Mrs. Kate deR. Meares, former president and now Honorary President for life. The tablet will bear the following inscription:

"RUSSELBORO.

"Erected by Captain John Russell, commander of His Britannic Majesty's Sloop of War 'Scorpion,' who gave his name to this residence and tract of fifty-five acres of land adjacent to the town of Brunswick.

"Subsequently owned and occupied by the British Governor and Commander in Chief, Arthur Dobbs, and later conveyed to His Excellency, William Tryon, Governor.

"On the 10th of February, 1766, this building, known as Tryon's Palace, was surrounded by one hundred and fifty armed men of the Cape Fear, led by George Moore of Orton, and Cornelius Harnett, who resisted for the first time on this continent the authority of their sovereign lord, the King, by demanding from Governor Tryon the person of Captain Lobb, commander of the Sloop of War, Viper' and the surrender of the odious emblems of the British Parliament's Stamp Act, committed to his care, which had been brought to Brunswick by Captain Phipps in the Sloop of War 'Diligence.'

"Subsequently, on the 21st day of February, 1766, at 10 A. M., a body of four hundred to five hundred Cape Fear men, in arms, under Cornelius Harnett and Colonel James Moore, surrounded this house and demanded the surrender of His Majesty's Comptroller, Mr. Pennington, and required of him an oath that he would never issue any stamped paper in this province of North Carolina.

"This monument, erected May 5, 1909, by the North Carolina Society of the Colonial Dames of America, is composed of stones from the original foundation of Tryon's Palace on this spot."

The interment was in Oakdale cemetery, the pall-bearers having been: Honorary, Dr. W. E. Storm and Mr. William Latimer; active, Messrs. Clayton Giles, Jr., Wm. J. Bellamy, Thos. H. Wright, J. B. SIXTY-FIVE CARS BERRIES

New York and Boston Continue to Lead in the Distribution—Movement Yesterday Through South Rocky Mount.

The movement of strawberries to the northern markets through the junction office at South Rocky Mount yesterday was the heaviest of any day this season, amounting to 65 solid refrigerator cars from all sections of the belt. The quality is said to have much improved within the past few days and growers are very hopeful of more remunerative prices.

The distribution yesterday according to the telegraphic bulletin last night from Business Agent H. T. Bauman was 14 cars to New York, seven to Boston, five to Philadelphia, four to Buffalo, three each to Springfield, Cleveland, Worcester, Pittsburg, Albany, Utica, Wilkesbarre, Rochester and Newark, shipment to these markets alone being 50 cars, while one car each went to Providence, New Haven, Syracuse, Erie, Schenectady, Amsterdam, Scranton, Cincinnati, Detroit, Glen Falls, Montreal, Toronto, Waterbury, North Adams and Hartford.

Mr. E. D. Pearsall, of Rocky Point, has gathered the following statement from leading growers in that section in regard to the crop:

Mr. R. S. Futch states that during 1908 he had shipped about 950 crates that checked him in returns about $2,000 from nine acres. From crop of 1909 to date, from 11 acres, only 200 crates with prices ranging from five to 10c per quart with no prospect for a crown crop.

Mr. H. B. Bloodworth gives shipments 1908 to May 3rd, 2,395 crates; same period this year, 413 crates, with his acreage increased this season. Largest shipment any one date 1908, 404 crates; in 1909, 82 crates. Last year's shipments checked to May 1st, $6,500; this year $700.

Mr. T. J. Armstrong has not shipped to date one-third that he did last year.

Mr. T. J. Brown estimates his at one-fourth of a crop; prices below average for this time of shipment; from three acres has picked 66 crates with few more to ship.

Mr. Geo. T. Johns says his crop is distressingly short in yield and prices, outlook poorest in years.

Mr. Sidney Balcomb has ten acres and poorest ever known.

REV. FRANK WRIGHT.

Evangelist Heard by Large Congregation For First Service—Music.

A large congregation at St. Andrew's Presbyterian Church last night was charmed with Rev. Frank Wright, the Indian evangelist, for the opening service of a series to be held there during this week. It was the unanimous opinion of quite all who heard his singing, a solo before and after the sermon with violin and piano accompaniment, that it is seldom the people of Wilmington have had the opportunity of hearing such music. Rev. Mr. Wright impressed his audience as a man deeply spiritual and a pulpit orator of great power. His sermon last night was from the text "Ye Are Witnesses," and he was heard with great effect upon his congregation. In addition to the singing by Mr. Wright a large voluntary choir has been organized and the music is a great feature.

Today there will be a prayer service at the manse at 9 A. M. to which all are invited. Tonight the service will begin at 8 o'clock with song and prayer with the regular hour beginning at 8:15. On Thursday there will be a special service at 4 o'clock in the church and on Friday a service especially for the children, their teachers and parents at the same hour. All are invited to hear this gifted evangelist and man of God.

DELIGHTFUL OUTING.

Carolina Insurance Company Host of Pleasant Affair Yesterday Evening.

At guests of the Carolina Insurance Company, its officers, directors, employes, local agents, their employes and quite a few of the friends of all these branches of the service enjoyed a delightful outing yesterday afternoon on the steamer Wilmington, leaving foot of Market street at 5 o'clock and returning at 8:30 o'clock last night. There were about 60 in the party and the trip was for a delightful run up the river to the "Magnolia Tree" and then down the harbor a short distance. A dainty luncheon was served on the boat, Mr. J. H. Boatwright acting as master of ceremonies and quite a few of the prominent insurance men and other guests made happy responses, including Col. J. VanB. Metts, Mr. Martin S. Willard, secretary and treasurer of the company, Mr. Jos. D. Smith and Mr. Chas. N. Evans, who spoke happily in behalf of the guests, who are indebted to the "Carolina" for an altogether pleasant outing.

Excursion to Ft. Caswell.

One of the most delightful excursions of the early Spring season will be a special trip to Fort Caswell on the steamer Wilmington next Monday, May 10th, under the auspices of Bladen Street M. E. Church. The steamer will leave foot of Market street at 10 A. M. and refreshments will be served on board with an opportunity to all of inspecting the magnificent fortifications of the government at the post. Further announcement will be made later.

STATE FEDERATION

First Day's Sessions of North Carolina Women's Clubs in Raleigh Yesterday.

NEWS OF STATE CAPITAL

Several Charters Granted — Federal Court in Wilmington May be Postponed—Other General Notes of State Interest.

(Special Star Correspondence.)

Raleigh, N. C., May 4.—The North Carolina State Federation of Women's Clubs convened in 7th annual session this afternoon with the Woman's Club of Raleigh, there being 26 of the leading towns of the State represented by over 100 club women. The towns represented are Asheville, Charlotte, Concord, Chadbourn, Goldsboro, Greensboro, Faison, Fayetteville, Greenville, Henderson, Kernersville, Kinston, Lenoir, Lexington, Morganton, Oxford, Raleigh, Southern Pines, Statesville, Sanford, Warrenton and Wilmington.

The most notable feature of the day was the reception this evening at the Governor's Mansion. It was at this function that the address of welcome by Governor Kitchin was delivered, a splendid tribute to the value and influence of club women in the social and civic life of communities and the State at large, being a feature of the address.

There was a welcome address also by Mrs. R. B. John, for the clubs of Raleigh and the annual address of Miss Margaret Lovell Gibson, of Wilmington, as president of the Federation, was also presented at this time. She treated lucidly the work of the Federation in North Carolina with its 43 federated clubs, going interestingly into the work of the various departments, embracing literary extension, education, civic, art music, publication, industrial and child labor, reciprocity, child study, household economics, literature and forestry and also the work of the special departments of legislation, library commission and scholarship. She declared that the reports from the various clubs and from the Federation officers would show a gratifyingly large amount of effective work in all these departments. She appealed for a yet more united and effective effort during coming year. There was a luncheon to the executive board at 1 o'clock this afternoon at the Woman's Club building followed by a session of the Federation in Representatives' hal of the State House during which Mrs. Eugene Reilly, of Charlotte, vice president, told of her trip to the Boston Biennial. There were also a number of preliminary reports of officers of the Federation. The sessions of the Federation will continue through Wednesday and Thursday.

A reorganization charter was granted the Northampton and Hartford Railroad Co., known as the Gumberry Railroad, today with W. E. Trenchard as president, the reorganization being under the commissioner's sale of last February by Commissioner Thomas W. Mason. The capital of the new corporation is $125,000 authorized and $45,000 subscribed. Other charters are to the Hamlet Athletic Association, capital $1,500 by C. M. Folsom and others for maintaining baseball club and for other purposes, and The Candor Sales Co., of Candor, Montgomery county, capital $15,000 by C. C. Bennett and others to do a mercantile business.

State Superintendent of Public Instruction J. Y. Joyner, has gone to Greenville to attend a meeting of the executive committee of the Eastern Carolina Traning School. It is probable that a superintendent for the institution which opens in the Fall, will be elected at this meeting. One of the most prominent educators mentioned for the place is Prof. Bruce Payne, a former North Carolinian, now a member of the faculty of the University of Virginia.

An order just received in the office of the United States Marshal's office for the Eastern district of North Carolina puts all office deputies of the marshal's department under civil regulation, this to include all field deputies except those charged with the service of processes. All these have heretofore been appointive by the marshals.

United States Marshal Dockery has taken up with Judge J. E. Boyd, of the Western district, the matter of holding the Wilmington district and circuit court due to convene May 11th. There cannot be a successor to Judge Purnell appointed and confirmed now in time to hold this court. It is not thought that Judge Boyd can come to this district at that time to preside, so that here will probably be no court.

June 11th is named by Governor Kitchin as the date for the hanging of Robert Roberson, convicted in Martin county, for the murder of a butcher named Wichard.

Commissions for brevett promotions for 25 years' service in the National Guard were issued today to Lieutenant Colonel J. C. Bessant, Winston-Salem, advanced to Colonel; Major J. J. Bernard, Raleigh, advanced to Lieutenant Colonel; A. D. Ellington, Reidsville, advanced to Major.

The Seaboard Air Line and Atlantic Coast Line join in petitions to the Corporation Commission to be relieved from the necessity of equipping certain classes of locomotives with electric headlights under act of the recent Legislature, classes of locomotives desired to have exempted to be specified at the hearing accorded later.

The Corporation Commission has received from citizens of Statesville a petition that the Southern Railway be required to provide a new and more adequate passenger station there. May 12th the Corporation Commission goes to Sanford to hear a petition from citizens for the Atlantic Coast Line, Seaboard Air Line and Southern and Atlantic & Western to join in a union passenger depot.

AUDIT AND FINANCE BOARD

Regular Semi-Monthly Meeting Last Night—Academy Lease Approved With Certain Changes Safeguarding Interests.

The regular semi-monthly meeting of the Board of Audit and Finance was held last night, Chairman Matt J. Heyer presiding and Messrs. H. C. McQueen, Jesse Wilder, W. B. Cooper and M. G. Tiencken ,members of the Board, and Capt. T. D. Meares, clerk, in attendance.

The business of chief interest was final passage upon the ten-year lease of the Academy of Music to Mr. S. A. Schloss, which was approved as presented with the exception of one or two changes believed to be advantageous to the city. The draft of the contract as it came over from the Board of Aldermen was read and Chairman Heyer suggested that the lessee be required not only to give bond for the payment of the rent but to indemnify the city against any damage suits that might be brought for any negligence of the lessee. Bond in the sum of $5,000 was presented for the rent and faithful performance of the contract with Mr. Joe Schloss, of New York, as surety, but after a long discussion, it was decided to refer the lease back to the Board of Aldermen with the recommendation that two sureties be required and that the amount be increased to $10,000 and made to cover both performance of contract and indemnity in case of accidents, etc. The clause referring to the insurance on the improvements payable to the lessee was so worded as to also give the city the benefit of the insurance from year to year, as the improvements become the property of the municipality under the terms of the lease.

Plans for proposed changes in the public building to provide offices for the various departments of the city government were presented, but the matter was left over for a future meeting, the new administration to take charge in the meantime.

Upon motion, an extra man in the City Clerk and Treasurer's office was allowed for two weeks longer in winding up odds and ends of taxes in connection with sale under advertisement.

The usual bills for current expenses were examined and approved and the Board adjourned subject to the call of the chairman.

OBSERVE MOTHER'S DAY

Exercises and Wearing of White Floral Badges Next Sunday.

The observance of Mother's Day in this city next Sunday, in commemoration of an event of a most lovable nature, which is carried out annually on the second Sunday in May in several Northern States, will be marked by the wearing of white floral badges and special exercises This is the first observance of the day in Wilmington and likely some mention of the same will be made in the various city churches, with exercises and an address on this subject at the Y. M. C. A. in the afternoon.

The day is fast becoming a National observance, and as a memorial day is characterized in a leaflet in the interest of the celebration as follows: "Mother's Day affords opportunity for us as a Nation to pay tribute to our country-women, who, as pioneers, colonists, and as 'best citizens' in war and peace rendered to this country noble and valiant service through their sufferings, privations and heroism. These 'heroes of heroes' in many instances not only sacrificed their own lives through their sufferings, hardships and sorrow, but loyally gave to their country lives more precious to them than their own—the lives of their husbands, sons, fathers and brothers. Every race and class of our brave patriots are praised and their graves decorated on the Memorial Days of the North and South, but no class of these true-hearted and noble women has been honored by us as a Nation."

THE CITY ELECTION

Less Than Three Hundred Votes Polled Yesterday For Board of Aldermen.

OF COURSE NO OPPOSITION

New Administration Takes Charge Tomorrow Headed by Capt. Walter G. MacRae—Department Officials to be Chosen—Notes.

Nomination in the Democratic primary amounting to election in the absence of any opposition, very little general interest was taken yesterday in the municipal election and hardly 300 votes out of a normal strength of 3,000 were polled in the five wards of the city. After fighting the issue out in the primary, the average citizen knew that voting was unnecessary and only those who found it very convenient took the trouble to exercise their suffrage.

The election was for two members of the Board of Aldermen in each ward, the Mayor being elective by the Board, which is bound by the nomination in the primary. This means of course that Captain Walter G. MacRae will be the unanimous choice when the Board meets for organization at the City Hall today very shortly after noon. The law requires the Board of Canvassers, composed of one election officer from each ward, to meet at 12 o'clock today and declare the result officially, after which the Aldermen will be sworn in, the Mayor will be elected and such other business will be transacted as may properly be presented. It is usually the custom to fill all the offices at this first meeting, caucus nominations having been made in the meantime and the rule will probably apply today when the new Board meets.

Reports from all the wards in the city at the close of the polls at sunset last night show the following results for Aldermen, the Mayor not being voted for as is popularly supposed:

First Ward—W. L. West 51, J. A. Karr 50.

Second Ward—Jos. H. Hinton and F. W. Bonitz, 52 each.

Third Ward—S. J. Ellis and Louis E. Hall, 70 each.

Fourth Ward—B. O. Stone 50, W. E. Yopp 49.

Fifth Ward—Thos. B. Willard 87, J. B. Fales 80.

The election was very quiet and no scattering votes were cast. The new administration comes into power under the most favorable auspices and indications are that the various departments will work together in harmony for the ubuilding of the city. Wilminton will receive the new administration with the most enthusiastic acclaim.

SCHOOL CAMPAIGN

Meetings Arranged For Today—Importance of Registration at Once.

Those in the forefront of the movement in New Hanover for the continuance of the public schools are allowing no grass to grow under their feet in the way of presenting the issue squarely to the people for the special tax election on May 26th. This afternoon at 3:30 o'clock there will be an educational rally at Rock Hill school, near the residence of Mr. Lineker, and at 5:30 at the Castle Haynes school. There will be prominent local speakers and it is hoped there will be a large attendance. Tomorrow at Piner's store on the Masonboro road, there will be a similar meeting and the people in all that section are cordially invited to be present.

Registration of all friends of education is important. Those who seek to defeat the issue at the polls are quite active and it behooves all who favor keeping New Hanover apace with the other counties of the State to see that their names are not only on the registration books but that they vote in the election May 26th.

SERVICES OF DEEP INTEREST

Rev. Richard Orme Flinn, of Atlanta, at First Presbyterian Church

A series of evangelistic services of deep interest is now in progress at the First Presbyterian Church, the pastor, Rev. J. M. Wells, D. D., being assisted by Rev. Richard Orme Flinn, pastor of the North Avenue Church of Atlanta, Ga., who has deeply impressed his hearers with his rare gifts as a preacher and Man of God. On Sunday and Monday the services were largely attended and the congregations moved with great power by the strong discourses of Rev. Mr. Flinn. Last night he was heard in another strong discourse that went to the hearts of his hearers and much good has already resulted from his preaching. The Wilmington public generally is cordially invited to hear these sermons and may be assured of much pleasure and great benefit.

The services will continue through the week at 8:15 each night and an early prayer service in the Abbie Chadbourn Memorial hall each morning at 8:20 o'clock.

THE MacRAE PLANS.

Mr. Hugh MacRae is a citizen of whom Wilmington is proud. He is a man of marvelous initiative and resourcefulness, and time and again he has demonstrated the fact that he does things. He has already been a power in the development of Wilmington and its environs, and his good work in that direction is not finished by any means. His latest plans were given to us in a special dispatch from New York to the oMrning Star of yesterday. The announcement was made that he practically had perfected plans for the launching of a co-operative colony near Wilmington, backed by a capital of $1,000,000. The colony is to develop a tract of 35 square miles of land, and, with the co-operation of his associates, settle upon it a colony of approved immigrants who will engage in agriculture and manufacturing. However, the Star's New York special gave the particulars, and it is only necessary here to say this much in acknowledgment of the enterprising and progressive spirit which Mr. MacRae is always manifesting in the development of Wilmington in particular and North Carolina in general.

It is hardly necessary to emphasize the importance to our city of Mr. MacRae's new scheme. He has already established near this city several colonies that are contributing to the growth of our city, and as a matter of fact it would take an extended article to recite the numerous enterprises and movements that he has inaugurated for the development of Wilmington. Mr. MacRae plans things on a magnitude that attracts and the scope of his enterprise seems to be boundless.

The Star wishes to say this much about him without any attempt to flatter him but to make an acknowledgment that is simply his due.

LEAGUE FOR ARBITRATION.

A dispatch from Albany, N. Y., states that President William H. Taft, ex-President Theodore Roosevelt and Admiral George Dewey are honorary presidents of the American Peace and Arbitration League, which filed articles of incorporation with the Secretary of State on Thursday last. Adequate armament and effective arbitration constitutes the league's practical programme for peace, the purpose of the organization being to secure proper present protection and rapid progress toward permanent peace.

The other officers of the league are: President, ex-United States Senator James B. McCreary of Kentucky; vice presidents, ex-United States Senator William A. Clark, of Montana; Congressman Richmond P. Hobson, of Greenslow, Alabama; and General James Grant Wilson, of New York; secretary, Alfred M. Dullow, of New York; treasurer, Henry Clews, of New York, and general secretary, Andrew B. Humphrey, of New York.

The league seems to have adopted the Roosevelt-Hobson idea that a big armament is the best guarantee of peace, and that where plenty of fighting armament wont scare off the other fellow, arbitration will step in to do the rest. However, what the burdened people of the world would like to see would be a peace movement that could be carried out by the Nations without spending such enormous amounts of the people's money in maintaining military and naval establishments on such a huge scale as to make them intimidators for peace. This is the big stick idea.

CHARLOTTE NEEDS IT.

The Charleston News and Courier remarks:

"Regardless of expense, the people of Charlotte are preparing a great reception for the President on his visit to that town this month. Among other attractions will be three arches across the principal streets, which will cost $1,000, and will be illuminated at night with electric lights. We would like to say for Mr. Taft's information, that the power which will furnish the lights will come from dear old South Carolina. The Old North State only shines by reflected light."

Well, let Mr. Taft be informed about it. Let him be told that Charlotte is big enough and growing fast enough practically to monopolize all the hydro-electric power from both the Carolinas. The North Carolina city has a score of cotton mills and she needs all the power she can get. She not only utilizes the adjacent resources in North Carolina but she reaches out and gobbles up the most important of South Carolina. If they fool with her she will sooner or later be compelling Georgia and Tennessee to be contributors to her increasing growth. Why, that's what makes Charlotte grow. She reaches out in all directions for every thing that's good, and she needs the power which upper South Carolina produces. The fact is Charlotte is so important that it really furnishes a market for South Carolina's electricity, her cotton, her trade and whatever is needed in her business. So far as that electricity is concerned the Queen City has use for it and in utilizing the supply from the neighboring Carolina she is making that State contribute to Charlotte's growth and development. Watch Charlotte grow.

Says the Cleveland, O., Leader: "Isn't it awful when you find that you can't trust your best friend?" Sure, Mike. However, isn't it more awful to find that your best friend can't trust you when you throw out hints that you would like to owe him $10 for a few days.

CURRENT COMMENT.

—The expected importation of lions' skins will probably be sufficient to accommodate the asses who would nominate him for President in 1912.—Charleston News and Courier.

—Nelson W. Aldrich is United States Senator from Rhode Island, but he really represents Wall street and No. 26 Broadway.—St. Paul Dispatch. Senator Aldrich is not representing Wall street. Wall street is intelligent enough to understand that unless there is honest downward revision the agitation will continue. For once Wall street is in sympathy with the country.—New York World.

—Four per cent. acreage reduction, planting only 40 per cent. completed, season ten days late. This is the cotton crop situation as indicated by The New York Journal of Commerce's estimate upon the basis of 1,500 reports averaging in date April 22. The North Carolina crop appears to be three days late and 55 per cent. planted. Texas shows a marked inclination to increase acreage, but 16 days late. Low temperatures and deficient rain have been the chief weather features, proving drawbacks of some importance. It would seem, from all these data, as if favorable weather just now would mean a prospective crop rather demoralizingly large.—Charlotte Observer.

—The result of the election in Raleigh yesterday means that the old Metropolitan Hall and market house—the botch of a building with a high sounding name—is to be sold and a better suited market house is to be built in a centrally located part of the city. It is believed and hoped that a magnificent structure will be erected on the site of the present city hall and market house. Provision has already been made for the erection at some suitable place of a large and modern city hall, which, in addition to providing offices for the city officials, will contain a large hall, where the citizens can gather and where conventions can be held. These two new departures by the city mark a new era in Raleigh and with a good city administration this will work a new and better era for Raleigh.—Raleigh News and Observer.

—How many pistols are manufactured in the United States we do not know; but the number should be ascertained for the information of the public. A pistol is the favorite tool of the murderer, and it ought to bear as heavy a tax as alcohol, that stimulates the malice of the human heart and lends nerve to the human hand to do murder. Just now Congress is enacting a law to raise revenue. Alcoholic beverages will pay a heavy tax and why not put even a greater tax on that other and equally vicious luxury, the deadly weapon, which is the means of so much wanton bloodshed? Not one pistol in 10,000 is purchased for any other use than the taking of a human life. It is true that many good citizens carry them; but they would cease to do so if the laws against murder were enforced and murderers brought to swift justice for their crimes.—Washington Post.

SAILED FOR LIBERIA.

United States Commission Gone to Investigate Conditions.

(By Wire to the Morning Star.)

Washington, May 4.—With all the members of the United States Liberian Commission and attaches aboard the scout cruiser Chester sailed from St. Vincent, Cape Verde Island, today for Monrovia, Liberia. Owing to some defects in her boilers the scout cruiser Birmingham, which carried three commissioners from New York to St. Vincent, did not accompany the Chester, but will remain in port to make repairs. It is expected these will require until May 10th to complete. Then the Birmingham will proceed to Monrovia and rejoin the Chester. The Chester should reach Monrovia next Friday.

The intention of the Department is to form an Atlantic torpedo flotilla to be in charge of Lieutenant Commander Frederick N. Freeman. It will accompany the fleet on its summer maneuvres. The five boats making up the third flotilla now at Pensacola will proceed to Charleston and from the combined strength a flotilla made up of twelve boats will be formed, the others remaining available for duty or be placed in reserve.

WOMAN SHOT HERSELF.

Prominent Norfolk Lady Commits Rash Deed.

Norfolk, Va., May 4.—Mrs. Sarah Nash, aged 60 years, a member of one of the most prominent families here, presumably despondent over ill health, shot herself through the head with suicidal intent at the home of her son today. Her cook discovered her lying unconscious in a pool of blood. Physicians say her recovery is impossible.

At Washington yesterday was held the first meeting of the Brownsville court of inquiry appointed to determine which soldiers and non-commissioned officers of the 25th regiment of infantry discharged as a result of the inquiry into the "shooting up" of Brownsville on the night of August 13-14, 1906, are qualified for re-enlistment in the army. Lieutenant General S. M. B. Young, retired, is president of the court.

STIEFF THE PIANO WITH THE SWEET TONE

The official Piano of the Jamestown Exposition.

The piano of reputation, of individual distinction; reputation founded on the judgment of artists and scientific experts, distinctive because of its stability under all climatic and atmospheric conditions. STIEFF, the name that means happiness and good cheer in thousands of American homes, the pride of the manufacturer, the joy of musical artists. What constitutes the "name" of a piano? It is the endorsement of artists and musicians and the experience of the public, that it is honestly, capably made of the highest grade material, by skilled labor, which insures the qualities in old age that distinguished it when new. The STIEFF is the embodiment of these essentials. Nothing better can be produced. Call and talk piano with us, investigate Grands, Player Pianos and Uprights placed in your home from our factories at one profit, think of the saving.

Ask to see our Matchless Shaw, "best on Earth for the money," high grade but a little less in price. We make it and guarantee it. Patronize your home piano store where you get the best at lowest prices. Square deal every time.

We are here to stay.

STRONG GUARD FOR MURDER

Georgia Negro Protected by Military to Prevent Lynching.
(By Wire to the Morning Star.)

Savannah, Ga., May 4.—The Georgia Hussars, 32 strong, commanded by Captain McIntyre, left today on a cross country march today for Clyde, Bryan county, having in charge Brunswick McRae, a negro who is to be tried tomorrow in the Bryan Superior Court for the murder of Zenas Warnell, a turpentine operator, several months ago. The cavalry is under the orders of Judge Paul E. Seabrook, of the Atlantic Circuit, who asked the Governor for the use of the troops because of the feeling against the negro in Bryan county. The trial of Clyde will be completed tomorrow. McRae was once sentenced to be hanged but was given a new trial. There is much feeling against him in Bryan.

The affair occurred near Front street market Monday night and the defendant was arrested by Officer T. M. Hall, at Front and Dock streets.

NEW YORK ARCHITECTS

Open Branch Office Here in Southern Building—Well Equipped.

Announcement is made that the firm of Mills & Greenleaf, of New York City, have made definite arrangements to open a branch here and will have spacious offices in the Southern Building. Mr. Alan B. Mills, who is a member of the firm, arrived Monday and at once took steps to secure an office. He was greeted with much pleasure by his many friends, in whose hearts he has found a warm spot as a good-fellow and a star golf player.

Mr. Mills spent some weeks here last month as the guest of Mr. T. P. Hammer, ostensibly on a pleasure trip, but in reality to look over the ground with a view to making Wilmington his permanent home and to choose a suitable city for the location of the firm's Southern branch.

The senior members of the firm have had wide experience in the European schools and have already achieved an enviable reputation in New York City. The Wilmington branch will have the benefit of this which together with Mr. Alan B. Mills' experience in the construction of large buildings should make the firm the best equipped of its kind in the city and will insure clients that designs and structural work are strictly artistic and quite up to date.

TAG DAY BIG SUCCESS.

Believed That More Than $800 Was Realized—Tags Everywhere.

One need not have been told that yesterday was tag day in Wilmington. There were tags and tags and everywhere tags and the day was a magnificent success. The official taggers were as busy as taggers could be and their faithful work began to show itself when the returns were being made. Mrs. M. L. Stover was chairman of the committee in charge and the affair was both arranged and carried out splendidly, with the result that it is believed that an official compilation of the returns will show that perhaps between $800 and $1,000 is realized. However, no official figures are ready yet and the committee will make its announcement later. The benefit was, of course, for the Associated Charities, a work in which are the hearts of every loyal Wilmingtonian.

BUILDS UP THE THIN AND WEAK

Samose Makes Thin People Fat, or J. Hicks Bunting Drug Co., will Return Money.

In Samose are combined flesh-giving food elements that soon produces a steady and noticeable gain in flesh. Taken after meals, Samose mingles with the food and causes it to be assimilated so that the fat producing elements are retained in the system, and you will soon get good flesh, steady nerves and a healtay body.

J. Hicks Bunting Drug Co. has seen such remarkable results following the use of Samose that they offer to pay for the treatment if it does not make thin people plump and rosy.

You run no risk whatever in buying Samose; it is a true flesh-forming food and is sold under the guarantee of one of the most reputable business houses in Wilmington to refud the money if it does not give complete satisfaction.

Sent postpaid on receipt of price, 50c.

The Theatre

Again yesterday large audiences were delighted with the Crystal Palace's new and swell bill. Each act came in for vigorous applause and it seemed to be the general opinion that the popular vaudeville house has an exceedingly charming and high class bill this week. Each of the well known artists, Joe Freed, the popular German comedian, Miss Jesse Hereford, noted dancer, and Roe Reaves, singer and comedian, received several encores, while the playlet presented by James and Ellis was the big feature of each performance.

Films at the Bijou.

The Bijou will offer three high-class pictures today—"Forgiven, or Father and Son," "Jack's Successful Bluff," and "A War Time Tale." These will afford a fine variety for Bijou patrons and will be found up to the usual high standard.

THE ARLINGTON MONUMENT

Thursday Set Apart by Daughters of Confederacy For Noble Work.

The Federal Government has recognized the Southern Confederacy insofar that it has set aside a beautiful plot of ground in Arlington cemetery for the burial of the Confederate dead. For years the Government denied to the South the right to mark the graves but it has at last consented that the Daughters of the Confederacy may do so.

In Arlington are buried forty-six brave North Carolina "Boys who wore the Gray." Not only that, but the first soldier interred in Arlington cemetery was a North Carolinian, and it behooves Southern people as descendants of these soldiers and their comrades, to erect a monument there to show the world that the South is proud of these heroes. At present there is no shaft there, nothing but vacant mounds surrounded by white headstones.

The United Daughters of Confederacy wish to put a monument on the heights of Arlington of noble proportions and artistic design, as a memorial of the nation that is dead; one that will speak to all the nations of the world of Robert E. Lee and those soldiers who fought under him for what was to them the preservation of free institutions.

The State president, Mrs. Sallie Yates Faison, of Charlotte, has appointed Thursday, May 6th, as Arlington Monument Day. She asks that on that day each teacher and pupil in the State will give at least one penny for the Arlington monument. This request has been heartily endorsed by the State Board of Education. In Wilmington Mr. Blair and the teachers of the public schools, Mr. Catlett, the "Sisters," and Misses Hart, Alderman and Clark, of the private schools, have all taken hold of the idea with enthusiasm and are having the pupils study the romantic history of Arlington and its owners, and on Thursday will have appropriate exercises commemorative of the day.

The Daughters are very anxious that Wilmington children make a generous response on May 6th. Wilmington has always done its duty and the schools here should strive to not let the pupils of any town excel them in contributing to Arlington monument.

Passed Away at Monroe, N. C.

Friends in Wilmington will hear with sorrow of the death of Mrs. John D. Parker, of Monroe, N. C., who has been in feeble health for the past year and who passed away on Saturday, May 1st. Mrs. Parker was formerly Miss Fannie Johnston and was much loved by all who came within the influence of her kindly presence and sweet, lovable disposition. She is survived by her husband, Mr. J. D. Parker, Sr., and four children, all of whom have the tenderest sympathy of many friends. Mrs. J. L. Maffitt, of this city, is a first cousin of Mrs. Parker.

SPIRITS TURPENTINE

—Lumberton Robesonian: The new cotton mill at St. Paul was started up Saturday and it is expected that it will be in full operation within ten days.

—Durham May 3.—The dead body of Dan W. Rogers, a white farmer of Durham, aged 55 years, was found on the Southern's yards yesterday morning about 4 o'clock. There are appearances that something more than accident figured in it, though the people are divided as to whether the dead man threw himself on the track or was put there by foul work. Mr. Rogers was generally known and leaves a large family. He was not addicted to drink. It is thought both passenger trains must have run over the unfortunate fellow, as he had evidently been dead some time.

—Gaffney, S. C., aMy 3.—Work on the Southern Power Company's big plant at the Ninety-Nine Islands is making splendid progress under the management of Mr. Jamison who is in charge of the works. Gaffney people who have visited the plant recently say that a force of about 350 hands is at work, and this force will be augmented just as soon as the work makes a little more progress. The buildings are situated on the north bank of the river and has the appearance of quite a large town from a distance, and at night when the electric lights are turned on, it reminds one of a city.

—Washington, aMy 3.—Approval has been given by the Navy Department to the plans submitted by the general board of the naval militia for the exercises of the coming summer. Several States by reason of lack of funds are unable to take part in any general manoeuvers. These States are New York, Georgia and South Carolina. North Carolina still has the matter under consideration. It is pointed out by the naval militia general board that the situation in these States reveals the necessity of provisions being made for the general government to assume the expenses of the summer manoeuvres.

—Concord Tribune: Bynum Holsclaw, the Watauga county desperado of tender years, and who escaped from the Jackson Training School several weeks ago, arrived in the city last night on his return trip from his mountain home being a captive of Sheriff Ragan, of Watauga. The boy is probably 16 years of age and has a record that is without parallel in the annals of youthful criminals in this State, so it is said by the officer who brought the child back to the State institution for that class. Sheriff Ragan stated that when the boy was captured he had in his possession two big pistols and that several days before an arrest was effected the child had stood off two deputies with his faithful guns. The officer states that Holsclaw knows every act that Jesse James is accredited with and that he is one of the best shots in the mountain tops. He was turned over to Superintendent Thompson, who will administer to the child's needs in another direction.

—Lumberton Robesonian: At a called meeting of Camp Hoke, Confederate veterans, held in the court house here Saturday, the name of the Camp was changed to Camp Willis Pope, in honor of a brave young captain who lost his life on Virginia's soil in defense of the Confederacy. Preparations are being made for a great celebration on next Monday, the 10th. Dr. R. M. Norment has been appointed by the Daughters to introduce the speaker of the day, Chief Justice Walter Clark, and this appointment was endorsed by the veterans Saturday, as was also the appointment of Commander J. A. McAllister to present the crosses of honor, which will be bestowed upon the following veterans: Stephen Bass, W. H. Capps Arch. W. Davis, Neill Carter, James H. McKay, Henry Spivey, William Bracy, James Bracy, Othniel Bracy, O. C. Norment, J. W. Watts, J. W. Blanks, J. W. Boone, Irvin Jenkins, J. L. Lee. The Daughters will serve dinner to the veterans in the court house yard and all the veterans in the county are cordially invited to be present.

—Wilson, May 3.—Mr. M. E. Williams, who resides near here, was compelled to shoot an obstreperous negro by the name of Julius Barnes, who was drunk and running negroes from his place and making himself very troublesome. The negro is generally regarded as very dangerous and up to a short while back was a tenant on his farm, when Mr. Williams found he must get rid of him or have trouble. The negro is working this year for Mr. A. Viverett on an adjoining farm and seems not to have forgiven Mr. Williams for getting rid of him. He has been heard to make threats against Mr. Williams. Saturday night tanking up with mean liquor, Barnes went over to Mr. Williams' farm and ran one of his tenants away from his home. Mr. Williams secured his rifle and Mr. J. H. Congleton his shotgun, and started out to look for him. They came upon the negro at the gate brandishing a pistol and saying to Red Lovett, another tenant on the place, that he must get away from here and that he "was going up to the house and run old man Williams away from home." Messrs. Congleton and Williams were standing in the shadow of a tree and when the negro started in the gate Mr. Williams let drive with his gun, not intending to strike him in a vital spot but at some place on the body in order to stop him. The wound is not serious and the doctors say he will recover.

THE COTTON MARKET.

(By Wire to the Morning Star.)

New York, May 4.—The cotton market was nervous today with fluctuations irregular but with the general tendency downward and the close barely steady at a net decline of 6 to 10 points. The market opened steady at a decline of 4 to 8 points and sold about 6 to 8 points net lower during the early session under realizing by old longs and local bear pressure, which was encouraged by slightly easier cables than expected and the appearance of better weather quite generally in the South. Private wires reporting hail storms and rains in parts of Arkansas and Mississippi and the week weather report which read bullishly although it merely summarized reports already received from day to day during the past week, attracted some support during the middle session and at one time May contracts sold up to 10.60, or 2 points net higher on covering, while later months ruled about net uchanged to 3 points lower. Later, however, offerings became heavier once more with some of the earlier buyers attempting to realize their few points profit, and last prices were at practically the lowest of the day on the more active positions. Southern spot markets as officially reported early were unchanged to 1-16c lower. Exports were heavier, but increased clearances have been expected and seemed to attract comparatively little attention.

The final acreage is supposed to depend very largely upon climatic conditions during the current month, and the market is correctly showing increased sensitiveness to weather reports. The Western belt forecast called for partly cloudy weather with showers in Arkansas, while the Eastern belt expects generally fair and warmer weather.

Receipts at the ports today 27,165 bales against 36,731 last week and 13,352 last year; for the week 125,000 bales against 139,443 last week, and 59,153 last year. Today's receipts at New Orleans 9,251 bales against 3,390 last year and at Houston 1,887 bales against 3,460 last year.

Spot cotton quiet; middling uplands 10.85; middling gulf 11.10. The sales of the day were 4,000 bales. Futures opened steady and closed barely steady.

THE DRY GOODS MARKET.

(By Wire to the Morning Star.)

New York, May 4.—The dry goods markets are generally quiet. Cotton goods remain firm with a moderate amount of anticipative buying reported but with little doing on spot merchandise by jobbers. Men's wear woolens are working into much better shape than they have been for some time in consequence of good duplicate orders for fall. Export trade is quiet. Yarns are irregular and trade is light.

NEW YORK STOCK MARKET

(By Wire to the Morning Star.)

New York, May 4.—An animated and varied speculation was carried on in the stock market today and the uplift of prices was comprehensive and marked. The strength was uneven and the movement in a few stocks overshadowed the whole market. Reading still held the most conspicuous place in the transactions and the Supreme Court decision on the commodities clause of the Hepburn act was the continued subject of most earnest discussion. Reading had been picked as the medium for expression of feeling on this subject for months past and its violent oscillation today was the index of speculative opinion and was followed in close sympathy but in widely varying degree by the whole list. Renewed safeguards for property and vested rights were inferred from the tenor of the opinion of the court in the commodities clause case and relief from a threat of danger from the spread of legal restraint was assumed from the necessary shaping of public policy to conform to the law. The comment about the financial district construed the new permission towards holding companies as reviving the possibilities of great railroad mergers by a revision of the methods by which the Northern Securities Company was formed to effect the combination of the Northern Pacific, the Great Northern and the Chicago, Burlington & Quincy railroads. A particular application of the new conditions to the Union Pacific and its large holdings of stocks in other railroad companies, was discernable in the conspicuous activity and strength of that stock. Industrial preferred stocks were especially strong again, led by United States Steel preferred. This movement seemed due to a belated recognition of the extra security enjoyed by this class of the shares and the high income return yielded by them in comparison with other investment securities.

Bonds were irregular. Total sales, par value, $7,512,000. United States 4s coupon advanced 3-8 per cent. on call. Total sales today 1,126,200 shares.

SHARP DEBATE ON THE TARIFF

Republican Senators Locked Horns to Amusement of Democrats.

DOLLIVER WANTS REVISION

Iowa Senator Exchanged Acrimonious Words With Aldrich—Westerner Hinted That Tariff Bill Was Framed for Special Interests.

(By Wire to the Morning Star.)

Washington, May 4.—Senator Bolliver spoke upon the tariff today and enlivened the proceedings of the Senate.

Mr. Dolliver said he had been accused, in pursuing the course he had taken in support of lower tariff duties, of a "mere cowardly acquiescence in a sentiment in Iowa." He read an editorial criticism to that effect, saying he would not have done so "were it not an authentic echo from the Senate chamber itself." He said his course was in pursuance of a contract entered into with the people of his State nine years ago when he was first elected to the Senate.

When Mr. Dolliver declared, as he said, upon the authority of Mr. Aldrich, that the schedules of the pending bill were made by officers of the New York custom house and not by the committee on finance, Mr. Aldrich promptly denied that he had made a statement on which such an assertion could be based.

When Mr. Dolliver reiterated his statement Mr. Aldrich again protested against what he declared was "absolutely false." Still declaring that the Senator from Rhode Island had said that the officials had written the schedules, Mr. Aldrich a third time arose to protest. He explained that what he had said was that those officers, experts of the government, had been entrusted with the duty of calculating the amount of the specific duties imposed in place of the ad valorem rates, but that he had turned over to them the making of the duties he denied.

Mr. Dolliver read from Mr. Aldrich's remarks and declared that his interpretation of those remarks was "warranted by man agitated in his feelings."

"I know he is agitated," said Mr. Aldrich looking over the chamber, "and I trust I will not have occasion to allude to it."

Mr. Dolliver proceeded, referring to Mr. Aldrich's remark on a former occasion to the effect that he was "circulating false Democratic tariff rumors." His quotation of Mr. Aldrich's remarks was again excepted to by the Senator from Rhode Island who declared that the Iowa Senator was speaking "from a guilty conscience."

Mr. Dolliver proceeded and Mr. Aldrich interrupting to say something about the Senator coming to him with samples of cotton goods, he was sharply cut off by the Senator from Iowa, who refused to yield for what he declared was intended to be an answer to an argument he had not yet made and he declined to permit the Senator from Rhode Island to complete his statement, saying he would not permit his remarks to be sneeringly discredited in his own time.

With strong voice the words of the Iowa Senator resounded through the chamber. Of retort, he frequently provoked laughter. When Senator Warren undertook to give some information concerning the wool business, Mr. Dolliver replied that he had studied the wool business "from the birth of the lamb to the manufacture of a piece of cloth."

After Mr. Dolliver had criticised the practice of applying the wool tariff to articles of clothing that have in them a trace of wool, Mr. Aldrich interposed to say he wished to introduce in the record remarks by the late Senators Jones, of Arkansas, and Vest, of Missouri, both Democrats, on precisely the same line.

"The statement the Senator is now making", said Mr. Aldrich, "could have been read word by word from speeches of Senators Jones and Vest and they would have produced the same effect."

Mr. Dolliver declared he was for the Dingley cotton schedule and inquired of Mr. Aldrich whether the cotton manufacturers when before the House committee had not said they did not want these rates increased?"

Mr. Aldrich said he did not know what had taken place before that committee.

When Mr. Dolliver had spoken for three hours, Mr. Tillman, of South Carolina, requested that he suspend until tomorrow and permit the Senate to adjourn. Mr. Tillman declared that he was not fatigued, for he said, he never had enjoyed anything more in his life, but the session had run for six hours. Mr. Dolliver agreed but Mr. Aldrich announced that discussion of the bill would go on nevertheless. After numerous appeals from the South Carolinian, Mr. Aldrich yielded, but he gave notice that the country was waiting for the final passage of the bill and said that better progress must be made, and, therefore, the sessions hereafter would be longer.

TRIAL OF CAPT. HAINS

Defendant's Mother Was Witness and Passed Through Pathetic Ordeal. Broke Down and Sobbed Convulsively During Day.

(By Wire to the Morning Star.)

Flushing, N. Y., May 4.—Mrs. Virginia Jenkins Hains, mother of the defendant, concluded her testimony this afternoon after a trying and pathetic ordeal in an effort to save her son, Peter C. Hains, Jr., on trial for the murder of William E. Annis. Now that father, mother and two brothers of Captain Hains have testified, the trial will soon reach the "alienist stage". The defense has but two more lay witnesses to examine and as this will be done tomorrow the five alienists retained to show that the young army officer is insane will probably testify on Thursday.

Feeble and on the verge of nervous collapse, the testimony of Mrs. Hains, who is 69 years old, her references to "her boy" and her pleading to be allowed to tell "everything she knew" made the most dramatic incident of the trial so far. She broke down and sobbed convulsively throughout her direct examination by John F. McIntyre, chief counsel for the defense, and when District Attorney DeWitt started his examination the strain proved too much for her mother's heart. She sank into the witness chair and, covering her face with her handkerchief sobbed bitterly. At this point Mr. DeWitt promptly announced that he had concluded the cross-examination and the old lady was taken from the court room.

The hypothetical question in regard to Captain Hains' insanity, which will be submitted to the alienists, contains ten thousand words and will require an hour and a half in reading.

WHITE MAN ACCUSED.

Assaulted Pretty Mrs. Hennessey and is Captured by Farmers.

(By Wire to the Morning Star.)

Dayton, Ohio, May 4.—In a lonely spot just outside this city, and within a quarter of a mile of her home, Mrs. Frank Hennessey, an exceptionally pretty woman, 22 years old, was assaulted late today by a man who gave his name as John Norris.

The alleged crime took place in sight of a number of children who raised an alarm, which brought several farmers to the scene and the man was captured by them after a thrilling chase of over two miles, in which the pursuers and the assailants swam a stream and exchanged pistol shots. Deputy Sheriff Leo rescued the man from the infuriated captors and he is now in jail. He has been identified by witnesses.

ASHEVILLE MUNICIPAL ELECTION

Democrats Won Complete Victory. Campaign Was Hotly Contested.

(By Wire to the Morning Star.)

Asheville, N. C., May 4.—In the municipal election here today, the entire Democratic ticket was elected by majorities ranging from 310 to 937. Mayor Campbell was re-elected. The fight was on strict party lines and was hotly waged during the last week of the campaign by the Republicans, who thought they saw in assistance from the temperance people a chance to win.

ELECTION IN WINSTON-SALEM.

Mayors of Both Cities Re-Elected. Eaton and Vogler.

Winston-Salem, N. C., May 4.—Mayor O. B. Eaton was today re-elected for the fifth term as chief executive of Winston, defeating M. D. Bailey by a majority of 159. Mayor Frank H. Vogler was re-elected in Salem.

Governor Kitchin yesterday pardoned Major W. H. Martin, 70 years old, who stole over $16,000 from the State Treasury while he was chief clerk in 1897 to 1901 during the administration of Governor Russell, Republican. The theft was discovered in 1901 when the Democrats came into power and Martin was sentenced for ten years.

The Value of Proprietary Medicines.

is proven by the very large percentage of physicians' prescriptions for the same remedies found in every drug store in America, but as they are written in Latin, few patients realize this fact.

The old standard proprietary medicines like Lydia E. Pinkham's Vegetable Compound, that have stood the test of time, deserve a place in every family medicine chest, and it is most certain they would not be prescribed by physicians if they were able to devise a formula equally as efficacious.

NAVAL STORES FRAUD CASES

Prosecution Asks For Verdict of Guilty as to Defendants.

MYSTERY ABOUT LETTERS

Got Into Hands of Senator Taliaferro and He Used Them in Congress. Probing Affairs of Companies—Examinations.

(By Wire to the Morning Star.)

Savannah, Ga., May 4.—Preceding the announcement that the prosecution rested its case in chief at the close of today's session of the so-called naval stores "trust" case, events of importance in the trial came in quick succession. The prosecution, through Assistant District Attorney Akerman announced that a case had not been made out against Charles J. DeLoach, secretary of the American Naval Stores Company, and asked that a verdict of not guilty be returned in his case.

The examination of W. F. Coachman, of Jacksonville, Fla., president of the Consolidated Naval Stores Co., proved of unusual interest apart from the fact that the morning session ended abruptly because it was announced that he had become suddenly ill and that at the afternoon session he was assisted as he walked to the witness stand.

As to the other defendants, after announcing the close of the opening battle, Attorney Akerman stated he believed a case had been made out. Judge Shephard declared a recess until tomorrow when it is expected that the defense will ask for the direction of a verdict of not guilty as to all the defendants. Mr. Coachman's direct examination was confined to a conversation he had in New York with Treasurer Boardman, of the American Naval Stores Company, a defendant, a conference with Mr. Moller, in Jacksonville, and his objections to a contract which obtains between the Consolidated and the American Company, a contract the American assumed, it was stated, when it succeeded the S. P. Shotter and the Patterson & Downing companies.

Mr. Coachman denied turning over to Senator Taliaferro, of Florida, some letters which the defense contended were taken from the third story of the building at 519 Magazine street, New Orleans, without their owner's consent. He stated, however, that he was aware these letters got into the hands of Senator Taliaferro and were used by him in Congress. The letters in question were referred to by special Agent J. F. Martin as "orphans," and it was stated that while he was in search of evidence against the defendants these letters were taken from a room in the New Orleans building referred to. It was claimed they were written 19 years ago.

Mr. Coachman told of a conference he said he had with Mr. Boardman in New York early in 1908. He discussed with him, he said, a clause referring to storage charges in the contract between the two companies, the Consolidated and American. He told Mr. Boardman he did not think his company would continue to pay storage charges for receipts that never went near the defendant's yards. He said Mr. Boardman stated he was not willing for any change to be made in his company's methods, and that he refused to adopt a commission plan for storage charges. Then the witness switched to his conversation with Mr. Moller when he said he again objected to the charges. He said he asked Mr. Moller if the Consolidated would be boycotted if the charges were not paid and that Mr. Moller replied that the Consolidated was expected to pay them.

Mr. Coachman could not remember any visit J. O. Lafantissee, who recently was found dead in Washington, may have made to him in September, 1908.

INCOME TAX IS JUST.

Senators Borah and Bailey Strong Advocates of Measure.

(By Wire to the Morning Star.)

Washington, May 4.—Continuing his speech on the income tax amendment to the pending tariff today, Senator Borah, of Idaho, again referred to the legal status of the Pollock case in which the Supreme Court of the United States decided that the tax was not constitutional, combatting the idea that he consitution's framers did not know what were direct taxes. He believed that they had in mind a definite idea of the nature of such taxes which did not apply to such a tax as was proposed on incomes.

Mr. Borah contended that the principle of the income tax applies to the inheritance tax which is either a tax on real estate or on the right to take real estate. If one was unconstitutional the other was equally so.

Senator Root, New York, followed Mr. Borah. He submitted some statistics to show the extent to which the wealth of the country is now taxed by States, counties and municipalities.

"It is not a fact," said Mr. Root, "that in this Republic property does not bear a very great proportion of the burden of taxation." He gave figures to show that the ad valorem taxes levied upon that property are at the rate of about three-quarters of one per cent. which he said would be equivalent to an income tax of 15 per cent. throughout the country. He said that in New York State real estate does not yield a net income of more than 3 1-2 to 4 per cent., so that he regarded this tax as very considerable.

While challenging Mr. Root to find anything in his remarks to the effect that the property of the United States did not pay a tax, Mr. Bailey, Texas, asserted that property did not even approximately contribute according to its value to the support of the Federal government. He declared that a tax on an occupation could not be defended in any forum in the world of conscience or of common sense. It was his firm conviction, he said, that wealth ought to bear the tax. "It is a monstrous injustice," he insisted, "for a man after being compelled to wear a suit of clothes to tax him for buying it. I think it is not right that obedience to God's law, a law which made us hungry, should compel us to appease our appetites and yet be charged for the things which keep body and soul together."

Mr. Bailey argued, however, that in addition to the men of wealth, the man who exhibits an earning capacity far beyond the necessities of his home ought to be compelled to pay a tax to the government which protects him in the exercise of his talents and in the accumulation of his wealth.

SOLDIERS LOOTING ADANA.

Province in Turkey Terrorized—More People Killed.

(By Cable to the Morning Star.)

Adana, Asiatic Turkey, May 3.—via Larnaca, Cyprus, May 4.—Adana is still lawless. More people were killed in the city yesterday. There are 30,000 dead in Adana province, as a result of the massacres, and 35,000 homeless and penniless refugees are wandering in Villayet. The deaths in Adana City alone are estimated at 6,500.

Adana is terrorized by 4,000 soldiers who are looting, shooting and burning. No respect is paid to foreign properties. Both the French schools have been destroyed and it is feared that the American school, commercial and missionary interests in Adana are totally ruined.

The new Vali has not as yet inspired confidence. There is reason to believe that the authorities still intend to permit the extermination of all Christians. The troops here are making a pretense of throwing "water" on the flames, instead of water the use kerosene.

SIMPKINS IS CONVICTED.

Virginia Murderer Gets Seven Years. Would Have Compromised.

Roanoke, Va., May 4.—In the Circuit Court at Pulaski, Va., today Princeton Simpkins, tried for the murder in January last of E. D. Rhoades, was convicted of murder in the second degree and his punishment fixed by the jury at seven years in the penitentiary. Judge Massey sentenced him to serve the time on the public roads of his county. Yesterday Simpkins offered to compromise his case and accept a sentence of 18 years in the penitentiary, but relatives of Rhoades would not agree to the terms.

Robert Moore, charged with being an accessory to the killing, was today dismissed from custody.

Lived 152 Years.

Wm. Parr—England's oldest man—married the third time at 120, worked in the fields till 132 and lived 20 years longer. People should be youthful at 80. James Wright, of Spurlock, Ky., shows how to remain young. "I feel just like a 16-year-old boy," he writes, "after taking six bottles of Electric Bitters. For thirty years Kidney trouble made life a burden, but the first bottle of this wonderful medicine convinced me I had found the greatest cure on earth." (Special Star Telegram.)

Lumberton, N. C., May 4.—Considerable excitement was caused here tonight about 9 o'clock by two negroes' fighting. While one was beating the other over the head with a pistol it was discharged and was the means of attracting a large crowd in a short time. One of the negroes who was drunk, was locked up, but the other was allowed to go. When many who hastened to the scene saw the pistol being used for a club they almost fell over each other in trying to get away not knowing how soon it would go off again.
